## Voters to decide on grade school

KEEPING HIS EYE on the ball was Chuck Duha of the Giants, who was able to bat before the thunderstorm began.

### State and local officials await Saturday's answer

Voters in Antioch's Grade School District 34 will go to the polls Saturday and determine whether or not a new grade school will be built here.

The polls will be open from 9 a.m. until 7 p.m. at the Antioch Lower Grade school, and at Oakland and Channel Lake schools.

The district's school board has submitted a building plan to the state, along with a request for a cash grant to help offset building costs for the new school and the expansion of Oakland.

In April, District 34 was notified that the state has approved the request, and a cash grant of \$625,555 is guaranteed, if District 34 residents will approve a referendum to provide the balance of the building cost.

The grant means \$625,000 less tax dollars for construction, plus approximately \$425,000 less tax dollars for interest payments on bonds, or a total savings of over \$1 million for District 34 taxpayers. A referendum must be passed within 90 days of Apr. 14 in order to maintain the grant and realize the \$1 million savings.

THE TOTAL COST of the building program will be \$2,225,000. Approximately \$625,000 will come from the state grant and a bond issue of \$1,600,000 will be needed to provide the local share.

The tax rate for present bonded indebtedness is 41.4 cents per \$100 equalized assessed valuation. This bond issue will mean the tax rate will increase to approximately 62 cents per \$100 assessed valuation through 1982 and then will decrease to a rate of approximately the present rate through 1989. The average tax rate through 1989 will be approximately 50 cents per \$100 of assessed valuation, compared to the present rate of 41.4 cents per \$100.

AS AN EXAMPLE, if a person owns property with a market value of \$40,000 his assessed value should be \$13,334 taxes on the current indebtedness \$55.20 per year. If the referendum passes, his taxes will increase to \$68.53 per year (average).

In other words, for the next 12 years, he will pay an extra \$13.33 per year (average) for the building program.

If the referendum is not passed this time, there are a number of things that can happen:

1. The district's cash grant from the state will likely not be available at a later date. The Capital Development Board has used nearly all its allotment for school funding, and when current funds are disbursed, it is unlikely the state will be able to provide additional money. Delay in passage of the referendum could mean that District 34 taxpayers would, in all probability, be

### Murder, drowning victims retrieved

Water was the scene of at least two area tragedies in the past week.

On Sunday, Robert Ringlestein of Norridge drowned in Cedar Lake. He and a friend were competing in a fishing derby at 1:45 p.m. when Ringlestein fell from their boat.

His companion was unsuccessful in retrieving him due to dense weeds.

At least 10 local fire department diving units searched for his body, which was found at 1 p.m. the next day.

AN UNIDENTIFIED man was found floating in the Fox River, west of Antioch, on May 11 with a concrete block attached to his legs by a five-foot chain.

The body was seen by a State Division of Water Resources employee. According to Lake County sheriff's chief investigator, Louis Harceg, the victim had been shot once in the stomach and had been in the water about a month.

He is described as white, about 30 years old, 6 feet tall, 180 to 200 lb., with dark brown shoulder-length hair and a Fu Manchu mustache.

### Reorganize TOPS group

With the help of area captain Winnie Toal, the Antioch chapter of Take Off Pounds Sensibly (TOPS) has reorganized.

Purposes of the group include friendship, help with a common problem, improved health and a longer life.

New officers for 1977-78 are: leader, Marion Garrett; co-leader, Florence Krock.

Those interested may call 414-862-6485 or 312-395-0241. The chapter meets from 7 to 8 p.m. each Wednesday in the pre-school area of the United Methodist Church of Antioch.

### Rural Antioch man charged in shooting

An Antioch man was arrested at a local tavern last Wednesday night for a shooting incident at the Roback Lounge on west Rt. 173.

Everett "Tex" Carter, 62, of Rt. 3, Box 290-A, is charged with reckless conduct for an argument in which he allegedly shot another man in the face. The wound was not serious.

Antioch patrolman Stan Revell located a

car in a village parking lot. The car matched a description given by county sheriff's police.

According to police, Carter did not resist arrest, saying, "Here are the keys; the gun is in the car. I'll give you no trouble."

Patrolman Richard Good searched the vehicle and found a .32 caliber revolver with five empty cylinders and one spent casing.

Carter was taken to the Lake County jail and charged with attempted murder and reckless conduct. He is now out on bond and has a court date on Thursday.

The victim, Charles Turner, 52, of Lotus Ave., Lake Villa, was taken to the intensive care ward at St. Therese Hospital in Waukegan.

## More appointments made in village

Appointments were resumed at Monday night's Antioch village board meeting. Trustees' approval followed.

Mayor Michael Haley named Vernon Burdick chairman of the zoning board of appeals for 1977-78. Also appointed to the board were

Joseph Vieth (to the unexpired term of James Fields) and Richard Burnette.

New members of the village liaison committee are Clifton Houghton, William Seemann and Burdick. Previously designated were Haley, Donald Amundsen, Marilyn Ster-

benz, James Koppa, Kenneth Wierschem and Judy Phillips.

The employee policy committee will be composed of chairman J. Irving Walsh, Amundsen, Edgar Simonsen, Mrs. Sterbenz, Charles Miller and Walter Shepard.

AT THE RECOMMENDATION of Chief Charles Mapleshorpe, several fire department officers were approved. They include: Vern Barnstable, deputy chief; Walsh, assistant chief; Bernie Gutowski, chief

## Antioch youth 'doing well' after accident

A 15-year-old Antioch youth was reported by nurses as "doing well" Tuesday at Victory Memorial Hospital in Waukegan.

Richard Zeman suffered fractures in an auto accident on Monday afternoon of last week.

The driver of the car, 16-year-old Roberta M. Palm, was taken to the hospital, treated and then released.

They were among three persons hurt in a two-car crash at Rtes. 41 and 173, north of Wadsworth.

Also injured was Joseph Paul Jr., 21, of Greenfield, Wis., driver of the other car. He suffered minor injuries.

Greenfield said he was driving south on Rte. 41 in the outer lane and had entered the intersection when the Palm driven auto turned left in front of his vehicle.

Miss Palm was headed north on Rte. 41 and had turned left to go west on Rte. 173. She told police she did not see the other car until she had executed the turn.

responsible for the entire building cost.

2. Inflation may continue to drive up building cost. Further delay may cost more tax dollars.

3. The district must eventually build anyway. Both the state and regional offices have gone on record that the Channel Lake building and the portables at Oakland are inadequate housing for students. Failure of the community to furnish adequate housing could result in condemnation of the buildings involved. This would force the district into half-day or multiple sessions, which in turn could decrease educational offerings and standards. Decreased standards could place the district on probationary status. This could be followed by nonrecognition status, thereby making the district ineligible for state aid. State aid now makes up 42 percent of the district's operation funds.

CHANNEL LAKE SCHOOL is a very old structure, built on a wood frame, with outdated plumbing and electrical wiring. The largest hazard, however, is that many of the classrooms do not have direct access to an outside exit. (Children from one classroom must go through another classroom to reach an exit.) The layout is potentially disastrous in the event of fire.

Channel Lake could be remodeled and brought up to minimum life safety standards at a cost of approximately \$225,000. The state, however, will not pay any of the remodeling cost because the building is too old and repairs too extensive to be a good investment.

PRESENT STATE REGULATIONS consider children attending classes in "portable classrooms" as "un-housed."

The use of portables began at Oakland School three years ago and the problem has steadily worsened as enrollments continue to increase. At present, six portables are in use.

The main building was constructed to house 425 students and there are 565 students attending. Since portables do not have bathroom, storage or other facilities, their use creates serious overcrowding in parts of the main building.

In addition to the obvious lack of bathroom space, the school library is of totally inadequate size, the gymnasium stage must be used for storage and band students do not have a room in which to practice.

toward a parental authority and responsibility ordinance. Such legislation would make parents liable for damages caused by their minor children. Proposals probably will be presented at the June 6 village board meeting.

District 34 school board member Bruce Jablonski requested that trustees officially endorse Saturday's referendum. The vote was 6-0 on Amundsen's motion, which said the board "strongly endorses" the

referendum in recognition of the children's educational needs and residents' property values.

## SAVINGS WANTED

### Highest Rates Paid

The State Bank of Antioch pays the highest guaranteed interest rates allowable under Federal Regulations on all of its savings plans. Put your money to work for you, earning a full 7.89 annual yield on six year 7-1/2 percent Certificate of Deposit with a \$1,000.00 minimum deposit. (Federal law and regulation prohibit the payment of a time deposit prior to maturity unless three months of the interest thereon is forfeited and interest on the amount withdrawn is reduced to the regular passbook savings deposit rate.) Money grows faster at the State Bank because we pay you 5.16 annual yield 5 percent on passbook savings, compounded daily, from the day of deposit to the day of withdrawal (absolutely no penalty for withdrawals). Most savings institutions pay interest on the amount on deposit at the end of the quarter, but the State Bank pays you interest quarterly for the full time your money is on deposit, no matter when you need to withdraw. Your investment is insured safe by the F.D.I.C. while it works for you!

## Editorial

### Grade School kids deserve 'yes' vote

A "yes" vote is needed Saturday in Antioch's grade school referendum.

In many communities, in recent years, there was a trend to vote "no" on such referendums, because (let's face it) nobody likes a raise in taxes.

But the mood is changing. People now are realizing that their children need adequate educational facilities.

A CASE IN POINT was the almost 2 to 1 favorable margin cast by the voters last Saturday for the building program in the Gavin school district in Grant and Lake Villa townships.

If Saturday's Antioch District 34 referendum isn't passed, in the long run it will cost Antioch's taxpayers more money.

A LOT OF THE "no" votes that have been cast to help to defeat past referendums in cities throughout the nation, were cast by senior citizens. They don't have children attending grade schools but we feel they should remember that other people, in past years, helped pay for the education of their children. And perhaps, now, their grandchildren are affected.

But the main thing that has helped defeat past school building referendums has been the failure of parents (whose children are directly affected) to come out and vote in favor of the referendum.

It isn't really the "no" votes that defeat these referendums, it's the fact that not even one-third of the parents affected have taken the trouble to vote.

We sincerely urge all parents to do so, in favor of their children's future, this coming Saturday.

THE POLLS WILL BE OPEN Saturday, from 9 a.m. until 7 p.m., at the Antioch Lower grade school, and at Oakland and Channel Lake schools. Recently, we took a tour of Antioch's grade

schools to see why District 34 wants to get this referendum passed.

The committee backing the referendum feels the need for a new lower grade school on land near the Upper Grade School. State funds would help build it, if Antioch voters say okay.

We visited Oakland school with nine members of the committee - mostly mothers of school children.

There is no storage space left at Oakland. Even the stage in the auditorium is being used for storage.

THE SCHOOL HAS a tiny library used by about 550 pupils. Worst of all are the portable buildings with their treacherous steps. Many of the pupils must go outside, regardless of the weather, about four or five times a day between the portables and the main building - for example, to go to the washroom.

AT THE OLD Channel Lake school there are no hallways. To get to one classroom, the pupils must walk through another.

Channel Lake was closed for two years and Principal Paul Hain says it's a credit to the custodial staff that the school is in its present repair.

State school officials have expressed concern that 372 of Antioch's grade school students are "inadequately housed." They are referring to the 182 students at the Channel Lake school and the students who are in the six portable buildings at Oakland.

The state refuses to put any money into remodeling at Channel Lake. However, the state Capital Development Board will contribute about \$625,000 in funds if the school board gets local backing in its referendum on Saturday.

A PROGRAM on epilepsy will be presented at the College of Lake County Monday, June 6 at 7:30 p.m. in the Conference Center in Building 1.

Dr. Bruce Hermann, a staff psychologist with the Chicago chapter of the Epilepsy Foundation, will be the main speaker. His lecture will include the discussion of past and present thoughts on the relationship between human behavior and the age at which epileptic seizures begin.

The program is sponsored by the College of Lake County Health Service and the Lake County chapter of the National Epilepsy Foundation.

Admission is free and open to the general public. For information, contact the College Health Service at 223-6601, ext. 430.

RULES OF the Road for Older Americans," a program presented by the College of Lake County in cooperation with the Illinois Secretary of State's Office, will be offered without charge in five county locations during June.

The class, taught by volunteer seniors, is designed to help senior citizens earn or renew their driver's licenses. Over 200 persons have participated since October.

While there is no charge, pre-registration is necessary. Participants are urged to attend all three sessions.

Area residents may call 356-7073 or 356-7528 to register for classes offered June 15, 22 and 29 from 10 a.m. to 12 noon.

Questions about the program, future classes and other locations may be directed to Diane Mrotek, CLC coordinator of lifelong learning, at 223-6601, ext. 352.

### Letters

Open letter to Voters of School District 34:

We will soon be celebrating another Fourth of July and fondly thinking of our freedoms. When "we the people" have charge, rather than a dictator, it means we have a great responsibility.

One of the things that has made our nation strong is public education for everyone. The quality of that education and the importance we attach to it says a great deal to and about the leaders of tomorrow.

We will soon make a decision on the future of our schools. For the price of a good evening out we are offered adequate housing for all our children. Can there be any choice on which way to vote?

Sincerely,  
Martha Schmidt

## Exchange students need host families

Families in the Antioch area can have an unusual international experience in their very own homes this year.

"We are inviting Illinois families to share their daily life with a student from another country," said Jeanne G. Jacob, Illinois Director of Youth for Understanding International Student Exchange Program. "Families, in return, will have the unique opportunity to learn about a different culture through another person's eyes, while deepening their appreciation of their own country by introducing America to someone new."

LIISA VAARA of Finland and Keija Saito of Japan will be coming to Illinois this August for a one-year stay.

They are part of a larger group of 3,500 students from Europe, South America, Asia and Africa, selected by committees in their own countries to travel to and live in American communities. The young people, aged 14 through 18, come from diverse backgrounds and lifestyles, but they all have a common dream of exchanging and sharing.

MS. JACOB said that Youth for Understanding needs more host families for the arriving students. The only requirement for becoming a host family is a willingness to accept a young person from another country into the everyday life of the family, so the student and family members can share an enriching experience.

The host family provides meals, lodging, companionship and love. Students become members of their new families and have the same responsibilities and privileges as other children in the home. Maximum effort is made to match foreign students and families with similar interests.

"We are confident," she said, "that the presence of the international student in your home, your school, and your community will enhance the months ahead. It is a rare and precious opportunity which few people have in their lifetime — an opportunity to learn in a very personal way about people from afar."

YOUTH FOR Understanding is a non-profit educational organization which cooperates with and receives a grant from the U.S. Department of State. In its 26-year history, the program has exchanged over 55,000 students world-wide.

Families who want to participate in the program should contact their local area representatives: Cheryl and Greg Collins, 596 Highland, Antioch, 395-4085.

## Rosline Scheske part of Europe tour

ROSLINE SCHESKE

Rosline Scheske, who has been singing in the Antioch Community High School choir, Madrigal Choir and newly-formed Chamber Choir, is going to become an international entertainer as part of the All Student Groups, U.S.A., this summer.

The daughter of Mr. and Mrs. Carl E. Scheske, Rt. 2, Antioch, Rosline has been involved in much of the musical entertainment in the area. Presently a senior, she sang the lead in "West Side Story" and will be graduating with honors. Rosline has also performed in PM&L musical productions, "Roar of the Greasepaint, Smell of the Crowd," "Fiddler on the Roof" and "Pajama Game."

ALL STUDENT Groups, U.S.A. is a 13-year-old organization that annually takes about 200 young

musicians on a performing tour of Europe. This year's itinerary will include performances for Queen Elizabeth of England and Prince Tomislav of Yugoslavia.

The 21-day tour starts July 5 and is part of the Music Education Studies program of Shenandoah College and Conservatory of Music in Winchester, Va.

The young musicians will be presenting a program of both choral and instrumental music. Each ensemble will present a 45-minute show, and both groups will combine for the show finale.

Throughout the tour, emphasis will be placed on the musical performance, director Stan Kingma said. The group will have the experience of appearing in concert on some of Europe's finest concert hall stages, but plenty of time will be allowed for sightseeing and visiting.

The U.S. Congress passed a resolution of commendation to the group for its work in achieving outstanding cultural relationships in other countries over the past years.

THE STUDENTS who are selected to participate pay the cost of transportation, lodging, meals, tuition and other expenses of the trip.

Many of the participants raise part of the money for the tour from civic, fraternal and local organizations interested in helping young students with this kind of educational experience.

## The Time Machine

### 50 YEARS AGO: MAY 19, 1927

Antioch will adopt daylight saving time, according to the decision of the village council Tuesday night, and the new time schedule is to be in effect from June 1 to October 1. President Pollock cast the deciding vote for the measure when the trustees were deadlocked on the question, three to three. A canvass of the business firms in Antioch indicated that merchants favored the time change nearly four to one. It is understood that the new time has been adopted practically universal throughout the towns along the North Shore line. This will be the first time since the World War that Antioch has run under a daylight saving schedule.

That the Board of Trustees of the Fox River Conservancy district of the State of Illinois is a body of great power is evidenced by the first ordinance which appears in this issue of the News. The ordinance, which goes into effect in ten days, covers the entire Lake region and provides for full control of the sewage and refuse disposal of the district.

Jerry Huml, last year's king of the junior prom, crowned this year's queen, Karen Rentner, during intermission at the Antioch High School prom last Saturday night. A few moments later, Judy Horton, last year's queen, crowned Frank Ferdon as this year's king.

Rep. W.J. Murphy of Petite Lake will be the speaker at Antioch's Memorial Day service. Murphy, a member of the Antioch American Legion, will deliver his address at the village park, Orchard at Boardway, at 11 a.m., Thursday, May 30, following the annual parade, Legion Commander W.V. Lahti said.

Herman Holbek of Antioch and the Rev. Lauren H. Messersmith of Millburn were among the 43 persons elected Monday to the Lake County Board of Directors of the American Red Cross.

### 10 YEARS AGO: MAY 18, 1967

Anyone who visits the Antioch Post Office from now on will be able to get a clear picture of Viet Nam and just where the Antioch boys serving in the battle area are located. Recently returned Marine Ronald Yates and his mother, Helen, made a large map and are placing soldiers' names where they are serving. One soldier wrote: "I have been over here for 11 months and I have yet to see men getting support from their communities like the men from Antioch are getting."

Mayor Ray Toft announced he is creating a new safety commission. The chairman will be James Erdman; other members will be announced later.

Bud Newton, a seventh grader at St. Peter's School in Antioch, took his science project to Champaign last weekend for the Illinois Junior Academy of Science Contest state finals. He won a first award for his project, "Take Care of Your Teeth—or Else." He had taken a first place at both the science fair at Antioch High School and the district competition at Wheeling.

THE LAS VEGAS restaurant, 914 Main St., has been remodeled and had its grand reopening last week. Owners John and Chris Katris feature a

complete menu and 24-hour service. Pictured here are waitresses Vera Rosenbrock (left) and Gladys Risberg.

## Local restaurant gets a 'face lift'

Brothers John and Chris Katris have been restaurant owners in Antioch for seven years. Last week was the grand re-opening of their Las Vegas restaurant, 914 Main St., remodeled to give what they hope will be an "elegant yet relaxing" atmosphere.

Through the design of Pete Kouros and Leo Vranas and eight weeks of construction, the dreams of the former Lakeside restaurant owners have been realized.

The Las Vegas is open 24 hours a day, featuring

breakfasts any time and special luncheons. Complete dinners include salad bar selections.

In 1929, Irving and Edith Elms opened the doors of The Pantry in Las Vegas' present location. Years later it became Mary's, Phil's and The B&G.

## Special workshop

On Saturday the College of Lake County, main building, will be the site of an Illinois Office of Education workshop for teachers.

The workshop will begin at 8:45 a.m. and conclude at 2:30 in the afternoon. It will focus on environmental education topics of interest to Lake County teachers.

Of special interest will be the energy simulator which has been developed by the United States Energy Research and Development Administration. The energy environment simulator is a specially de-

signed computer that simulates real world conditions. The participants must make decisions about the use of energy and how to deal with the consequences. The simulator translates their personal decisions into computer commands which regulate energy use in the model.

The workshop is free and all Lake County educators are being encouraged to attend. Teachers can call Mike Teeley at 395-5333 by Thursday for reservations.

## PERSPECTIVES

### Life after death?

By DONALD COLE  
Moody Bible Institute, Chicago

A recent book of great popularity has been "Life after Life" by Raymond A. Moody Jr., M.D., which tells of those who "died" yet lived to tell what happened.

Before reviewing the experiences, we must consider Dr. Moody's final paragraph. Says he, "...what we learn about death may make an important difference in the way we live our lives. In prayer, Moses the man of God, says, 'Thou dost turn man back into dust, And dost say, 'Return, O children of men,' " and "So teach us to number our days, That we may present to Thee a heart of wisdom" (Psalm 90).

In Dr. Moody's book, none of the returnees from the gates of death remembers a struggle, or anxiety. In every case, the person "is overwhelmed by intense feelings of joy, love, and peace." Though the experiences were "inexpressible," the informants managed to describe that they were detached from their bodies, yet they were able to "hear" what doctors and relatives were saying.

The best experiences were meeting others, in some cases long-lost loved ones, and an encounter with a being of light, whom some identified as Christ, others as an angel. The being communicates, but not in audible sounds. A thought is directed to the person involved, asking him if he is ready to die. According to informants, "there is no possibil-

ity whatsoever either of misunderstanding or of lying to the light." The encounter is followed immediately by flashbacks as the persons reviews his life.

What shall we say about these things? The most obvious is that they were not dead. The Bible says that "it is appointed for men to die once, and after this (face) judgment" (Hebrews 9:27).

Second, the experiences recorded do not prove the existence of life after death, nor do they demonstrate the quality of that life. Plausible alternative explanations of the phenomena may be given and the Scriptures are the only reliable source of information we have about the nature of existence after life in the body.

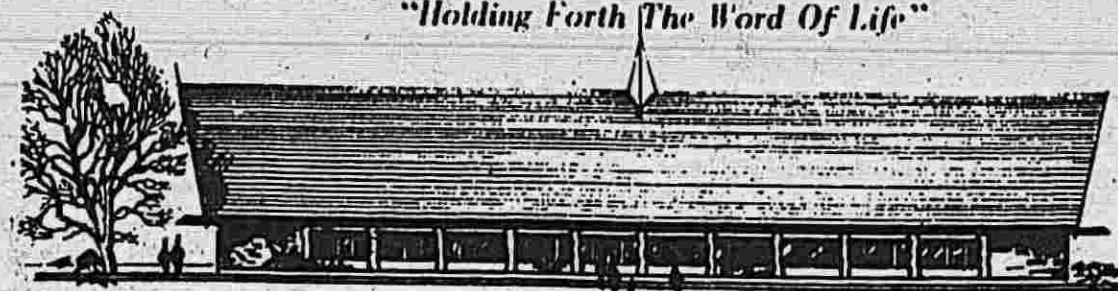

If the phenomena recorded succeed in persuading some that death is not an enemy to those who do not believe in God, they will serve the devil's purposes nicely. Dr. Moody assumes Satan would tell his servants to "follow a course of hate and destruction," but the Bible says he is the arch-deceiver who is able to transform himself into an angel of light (2 Corinthians 11:14).

Under fairly similar circumstances in the 8th century B.C., the prophet Isaiah got a message from the Lord: "And when they say to you, 'Consult the mediums and the wizards, who whisper and mutter,' should not a people consult their God?...To the law and to the testimony. If they do not speak according to this word, they have no dawn."

## 'Diet picnic' next week

A "diet picnic" will be held by the Conway Diet Institute of Lake County at Van Patten Woods on Thursday, May 26 from 6:30 p.m. to 8:30 p.m. About 70 members from the Waukegan, Antioch and Mundelein classes will be there to enjoy themselves.

A nutritional menu of charcoal-broiled hambur-

ROSE ROBBINS is convinced the Conway Diet Institute method brings results because she has lost 64 lb. since September, when the photo above was taken. She joined the Lakehurst group in October and now (right) is one of the top losers in Lake County.

gers and diet dishes to pass, brought by the members themselves, will consist of diet salads, vegetables and desserts.

Baseball, badminton, volleyball and relay races are the planned activities for the evening. The diet menu and activities are planned to help prove anyone can diet successfully on a picnic, enjoy themselves thoroughly and still lose weight.

Among those attending will be Rose Robbins and Ruth Bigelow, both 60 lb. losers; Mary Corn, a 40 lb. loser; and the lecturer, Madeline Antonsen, also a 40 lb. loser for 15 months.

Anyone interested in joining or obtaining more information can contact Mrs. Antonsen at 356-1304.

## Chain commission asks for reappropriation

A special meeting of the Chain of Lakes-Fox River Commission convened Wednesday, May 11, at the Capitol building in Springfield. The primary reason for this meeting was for the Commission to hear from Division of Water Resources acting director Donald R. Vonnahme concerning progress on construction activities in the lakes region for fiscal year 1977 (which ends June 30).

EXECUTIVE DIRECTOR Jerry Murphy commented following the meeting: "It now appears highly unlikely that any construction work will be started before the end of the current fiscal year." The myriad of new regulations required by Section 404 of Public Law 92-500 are largely responsible. "The Commission," said Murphy, "has worked closely with the Division of Water Resources and with Director Vonnahme in the attempt to start another dredging project this fiscal year while still meeting the requirements of Section 404."

FACED WITH the possible loss of nearly \$500,000 appropriated to the Division of Water Resources for work in the Fox Chain of Lakes, the Commission and the Division of Water Resources have agreed to jointly request that the unexpended fiscal year 1977 appropriation be reappropriated for fiscal year 1978 in addition to the present 1978 appropriation request.

"Director Vonnahme has indicated," reported Murphy, "that he will ask the Governor's office to support this reappropriation request." Murphy also indicated that members of the Commission would be making the same request to the Governor.

"Though the Commission is very disappointed with the prospect of no construction in fiscal year 1977," said Murphy, "we have been told by Director Vonnahme that the Division of Water Resources will be able to accomplish the intended fiscal year 1977 projects, as well as additional projects for fiscal year 1978, during the coming fiscal year if the reappropriation attempt is successful."

## Organize University Women

Interest has been expressed in a local branch of the American Association of University Women.

Each member contributes to a program which gives focus to the influence of college women locally, nationally and internationally. AAUW membership en-

ables women to continue their intellectual growth, to further the advancement of women and to contribute to society.

The association, founded in 1882, is open to all women who hold a baccalaureate or higher degree from a college or university on the AAUW

list of qualified institutions.

If you would be interested in having a branch organized, please come to a meeting at 7:30 p.m., Thursday, May 26 at the home of Jean Beranek, 518 Beck Rd., Lindenhurst. If you have any questions, or are unable to attend, please call 356-7055.

## 'Four eyes'

By BETSY ROSSEN

Ever been to County Stadium?

At the age of 7-almost-8 (kids are particular about that), I went with my parents to see the then-Milwaukee Braves. At that time I read the sports section before the comics.

After my mom pointed out something on the upper deck grandstand scoreboard, I calmly asked, "What scoreboard?"

That was their first indication my vision needed help.

DOES THIS MEAN, I wondered, that not everybody sees like I do?

Does this mean I wouldn't have to hold the book so close when reading? That I would see everything the teacher put on the blackboard? That I could wave to my friend down the block?

The time arrived to pick up my glasses. That Friday evening is one of the unforgettable occasions of my life.

WITH THE SPECTACLES firmly in place, we started down the sidewalk. I stopped and nearly started crying: "Mom! Dad! I can read that sign-way down there! It says, 'Typewriters'."

I spent the next few weeks re-discovering my world, thankful to everyone who made my "new" eyes possible.

Four years passed, taking me through several prescription changes for my rapidly worsening eyesight. Not too many 12-year-olds wear contact lenses, but my doctor

recommended them for treatment, rather than cosmetic, reasons. The nearsightedness could be slowed by the lenses' ability to keep the eye shape constant.

It was worth the investment because I had no prescription changes for 4½ years.

I'm saving the best and most amazing news.

THAT NEW PRESCRIPTION was for slightly weaker lenses. My eyes actually improved and have twice more since then.

I don't pretend to understand all the mysteries of optometry, but I did discuss what's happened a few weeks ago during my last appointment with Dr. Masaru Masuoka.

Like orthopedic oxfords, my contact lenses are gradually reforming my eyeball to the shape required for perfect vision. The effect is called orthokeratology and many have achieved even more dramatic results by prescription changes every few months.

My vision is still very poor, but when I think of what it would have been...

WHAT HAS HAPPENED to me has not been the result of the depth of my understanding or the strength of my skill in optics.

What counts is that I know my need, trust the doctor and have acted accordingly. Believing is seeing.

It's taught me a lot about life with the Master Physician.

MAN'S BEST FRIEND--Featured last weekend at Hawthorn Center, Vernon Hills, with 75 other photographers, was Jim McMillen of Antioch, exhibiting photos of his Labrador retrievers. Also exhibiting was Darryl Johnson of Antioch.

## ANNIE MAE

Hope the rains haven't washed out too many of your plans lately!

The Little Leaguers and their fans had quite a time of it Sunday, but the players still have that extra incentive. White's Ice Cream Parlor is again serving free sundaes to the young baseball and softball sluggers who hit home runs.

MARY RING and Pat Olandese of Antioch were television stars recently, appearing on the Phil Donahue Show.

Phil's guest that day was Tony Curtis, and both gals asked him a question and were seen on camera. They also were photographed with Tony for a Chicago Daily News article written about his Chicago book promotional appearance.

Also attending were Gerry Ring, Owen Lulofs, Ella Romsted and Mrs. Howard Johnson. (No kidding about that last name!)

# Lobbying: the sell goes on

By RONALD REAGAN

Quiz. If you were the Special Assistant to the President for Consumer Affairs, would you a) be expected to know that lobbying by Federal employees was a crime and b) think twice about ordering your staff to "clear" your plans with Ralph Nader and other special interests?

The answer to both should be "yes". In the case of Esther Peterson, President Carter's reborn consumer adviser (she served Lyndon Johnson in the same capacity, then spent eight Republican years in exile with a food chain), the answers are less certain. But, judging from a series of memos we have seen to and from Frank McLaughlin, a career civil service bureaucrat and acting head of the Office of Consumer Affairs, there has been - at the very least - a stretching of ethics and the law.

On April 4, the President announced that Mrs. Peterson would be his Special Assistant for Consumer Affairs. Twelve days earlier, McLaughlin sent an 11-point memo to his staff, headed "message from the Special Assistant to the President for Consumer Affairs." It called for a comprehensive plan to sell the oft-defeated Consumer Protection Agency bill to Congress. Paragraph 10 even spelled out his orders from on high: "The writer is under instruction from the Special Assistant to informally clear and coordinate O.C. efforts with Congress Watch (a Nader organization), C.F.A. (Consumer Federation of America - another self-styled consumer protection group) and other public interest lobby members."

## NO AUTHORITY

Such activities are against the law. Since Mrs. Peterson had not even been announced by Carter, she had no authority to direct any government employee to take any action of any kind. And, McLaughlin, as a career civil servant, was either shockingly ignorant or surprisingly casual about the law.

Section 18 U.S.C. 1913 (197) of the Federal code says that, "No part of the money appropriated by any enactment of Congress shall, in the absence of express authorization by Congress, be used directly or indirectly to pay for any personal service, advertisement, telegram, telephone, letter, printed or written matter, or other device, intended or designed to influence in any manner a Member of Congress, to favor or oppose, by vote or otherwise, any legislation or appropriation by Congress, whether before or after introduction of any bill or resolution."

PERSONAL APPOINTEES of presidents routinely go out to "sell" White House programs, but asking federal employees to do it - and performing special favors for outside groups - is a horse of another color.

The Peterson sales program, according to McLaughlin's memo, would have called for full-scale lobbying efforts among businesses and industries, canned pitches for the public and news media, as well as special ones to be prepared for members of Congress considered to be "borderline" on the C.P.A. bill.

## Ronald Reagan

On March 29, C.R. Cavagnaro, another high-ranking civil servant at O.C.A., memo'd Allan Finkel, general counsel, and McLaughlin, with another request for suspect activity: "We have a request for information from Congress Watch and C.F.A. and I would hope we could supply this information to them on a priority basis by c.o.b. (close-of-business), Friday, April 1."

THE REQUEST ASKED, "Could we provide them with five or more specific examples of where C.P.A., if it had been operative in '76, would have intervened on behalf of consumers and influenced or impacted on a regulatory or agency decision. This information would graphically illustrate how C.P.A. would operate and would be greatly useful in contact work with Congressmen."

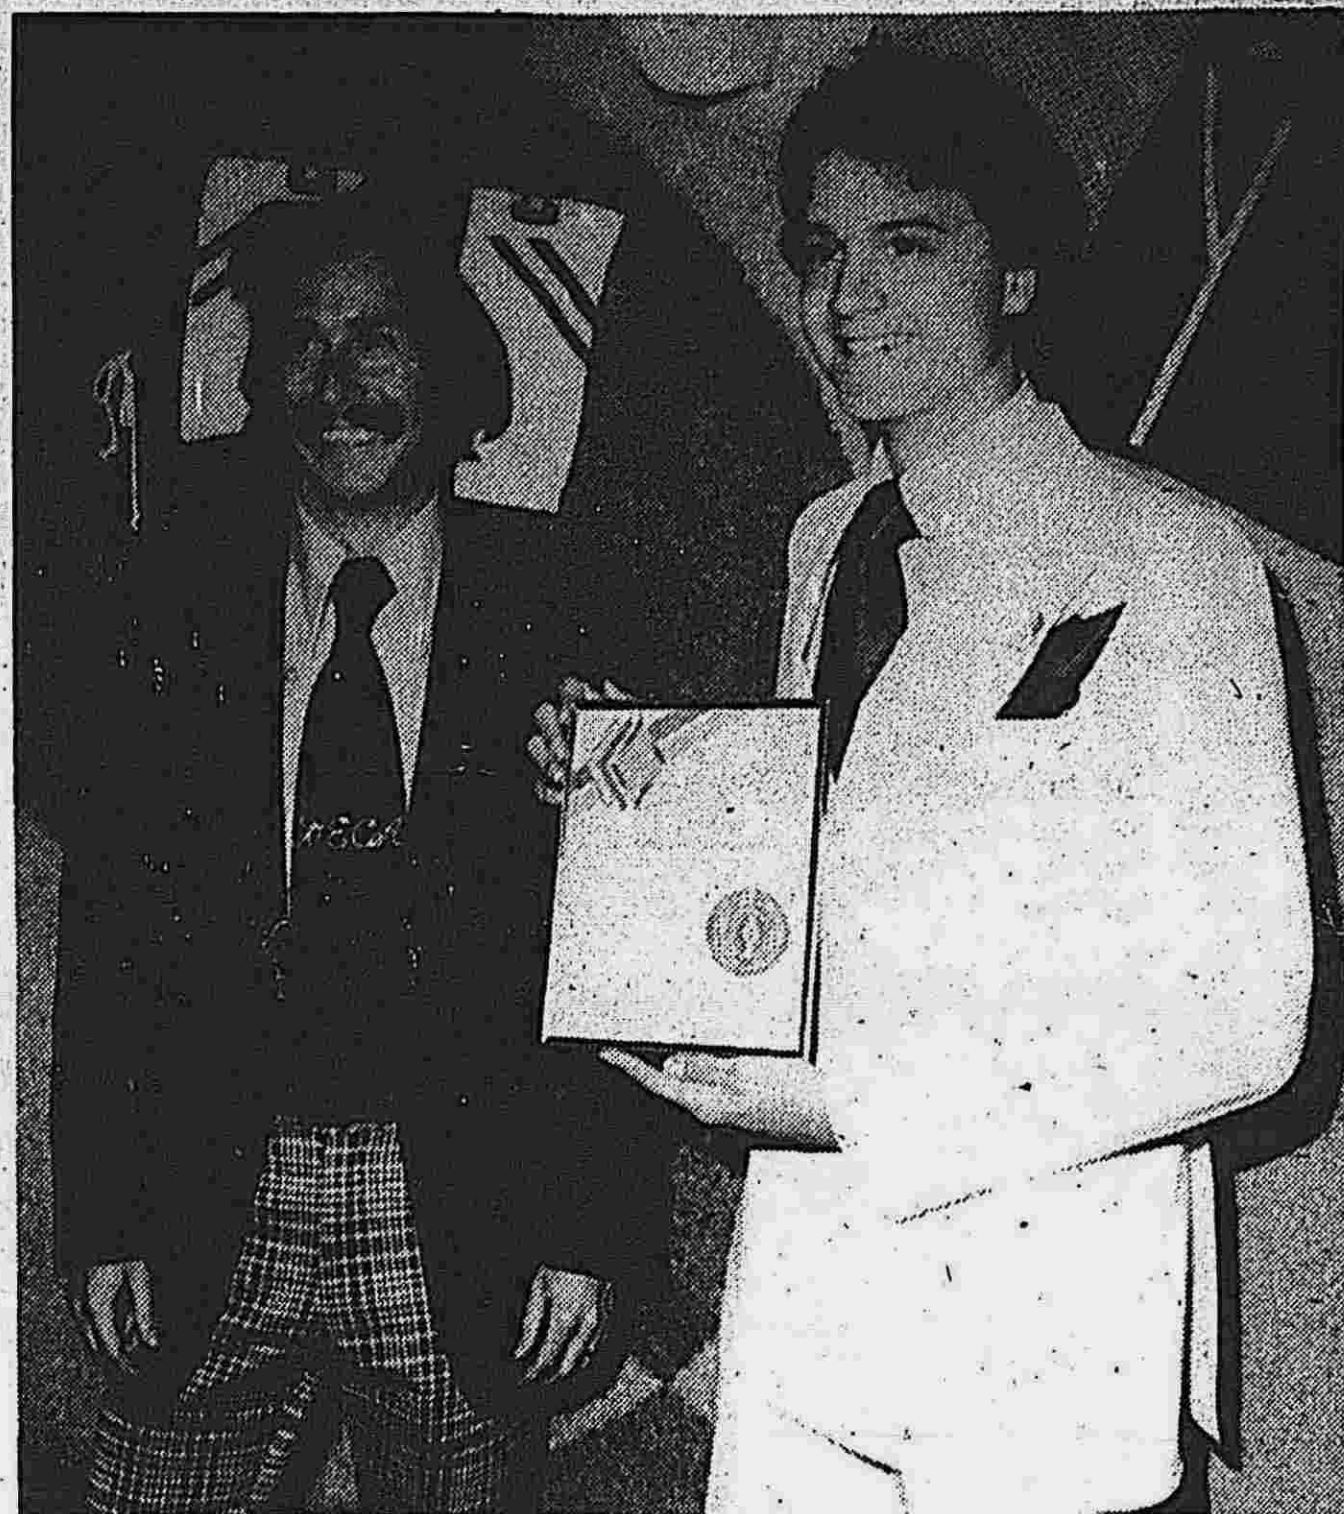

To comply, the civil servants would have to break the law.

On March 30, Jerome Atkinson, an O.C.A. lawyer, sent McLaughlin a long memo outlining the legal problems in having this Federal agency lobby for the so-called consumer protection legislation. McLaughlin apparently ignored it; for in a March 31 memo to his division directors (headed "Follow-up on Two Assignments and a New Assignment") he reiterated the request for a list of regulatory decisions made in 1976 where "the existence of a CPA might have changed the direction of the decision."

So, despite the Carter Administration's squeaky-clean image, the sell goes on. Woodward and Bernstein, where are you now that we need you?

successful."

Vonnahme expressed hope that construction contracts could be awarded as early as September 1977, with work commencing shortly thereafter.

MURPHY EXPRESSED his appreciation, on behalf of the Commission, for Vonnahme's efforts towards the Fox-Chain of Lakes work.

Members of the public from the Fox-Chain of Lakes area are urged to write to the Governor and to members of the Legislature supporting the reappropriation request.

## Cotillion called 'great success'

The Antioch Mental Health Association Cotillion, held in Lincolnshire, was called a great success by members.

Approximately 340 persons attended. Following the dinner, Mrs. Ray Lorenz, president, told of the help the Mental Health Association is giving retarded children.

She also asked the support of the community toward the Thrift Shop, which will be re-opening its doors at 921 Main St.

Mrs. Virginia Matson, director of Grove School for handicapped children in Lake Forest, presented the association with a plaque saying, "On behalf of the children of the Grove School who will benefit from your tireless efforts, this award of special recognition is presented to the Antioch Mental Health Association."

Mrs. Dan Maras, a member of the association, was presented with a plaque for her special work for Grove School.

Dancing to the music of the Steven Swedish Band followed the awards. Mrs. ElRoy Anderson was chairman of the Cotillion and Mrs. Homer LaPlant co-chairman.

The Thrift Shop is now receiving merchandise at the back entrance of 921 Main St.

## Controversial play opens at PM&L Theatre June 4

Arthur-Miller's "The Crucible" will open at the PM&L Theatre in Antioch Saturday night, June 4.

The controversial play dramatizes the witch hunts that swept Salem, Mass., in the early 1690s. At that time, in an electrifying atmosphere of mass hysteria, hundreds of people were put to death for the supposed crime of witchcraft.

"The Crucible" was originally produced in 1953 and the play was immediately associated with the "McCarthyism" of that time. Playwright Miller subsequently suffered a variety of political difficulties.

The PM&L production is directed by Lou Jones, whose previous work is well-known by Antioch theater-goers.

The story concerns John Proctor (played in the PM&L production by Bruce Berger), his wife

Elizabeth (Tricia Schaefer), and Abigail Williams (Laura Krah), a young villainess who leads a group of girls into mass hysteria.

ABIGAIL ATTEMPTS to eliminate Elizabeth by declaring her a witch. In attempting to clear his wife, Proctor implicates himself. Other central characters in the play are the Rev. Samuel Parris, played by Mark Kettner; the Rev. John Hale, Tom Hausman; and Deputy Governor Danforth; Don Beveroth.

The talented PM&L cast also includes Dawn Caddy, George and Debbie Blanksten, Jennifer Biel, Deane Jones, Debbie Beno, Pam Hunley and Earl Beese.

Curtain time for all performances will be 8:30 p.m. In addition to the opening presentation June 4, later performances are scheduled for Fridays and Saturdays, June 10, 11, 17 and 18.

Persons can call 395-3055 for reservations and pick up the reservations by arriving at the theater no later than 8:15 on the night they attend.

## Astro-Analysis

By Sonia

**ARIES** [March 21-April 19] - Keep temper under control; be congenial with associates. Maintain a good mental attitude and avoid making hasty decisions without consulting those in authority.

**TAURUS** [April 20-May 20] - Clear away financial obligations early in the week; pay bills, devise a workable budget. Collect debts. Career plans should be made with care.

**GEMINI** [May 21-June 21] - Explosive ideas cause useless energy to be spent. Trifle matters should be handled as such spend more time on getting pending matters out of the way.

**CANCER** [June 22-July 21] - Avoid trivial disagreements with family members, concentrate on putting talents to constructive use. More can be successfully accomplished this week.

**LEO** [July 22-August 21] - Enjoy visiting with friends and neighbors a short journey can be relaxing. Be alert for new offers of opportunity, also be more willing to take the advice of others.

**VIRGO** [August 22-September 22] - Don't take shortcuts when working on projects; progress can be made only by being thorough. Work out details and assume a more rapid pace.

**LIBRA** [September 23-October 22] - Use your persuasiveness to fulfill ambitions. Much now depends on how well you convince others of your ambitions. Show a more assertive attitude.

**SCORPIO** [October 23-November 21] - Be able to take the lead in new activities if called upon; past work habits can pay off now. Be direct when dealing with higher-ups.

**SAGITTARIUS** [November 22-December 20] - A good relationship with partnership concerns can now be achieved. Seek companionship with compatible mate. Others prove reliable, accept offers of assistance.

**CAPRICORN** [December 21-January 20] - A new outlet or direction to channel energy should be strived for. Outside interests are important now. Seek company of intellectual people who share your views.

**AQUARIUS** [January 21-February 19] - Don't allow a routine week to become predominate; seek new entertainment and recreational activities. Step up the pace socially by getting involved in community projects.

**PISCES** [February 20-March 20] - New proposals should be checked out thoroughly before making a plunge which could alter financial status considerably. Don't speculate or gamble on business deals.

SEN. JOSEPH BIDEN JR.

## Dinner Friday for Democrats

Sen. Joseph R. Biden Jr. (D-Del.), one of the youngest men ever elected to the U.S. Senate, will be the featured speaker at the testimonial dinner to be held Thursday, May 20 by the Lake County Democratic Party.

The dinner will honor the Democratic Party's three County officeholders - Grace Mary Stern, county clerk; E.J. "Chick" LaMagdeleine, sheriff; and Dennis Ryan, state's attorney.

The dinner will be held at the Ramada Inn in Highwood. The invitations state that cocktails are at 6:45 p.m. and dinner at 7:45 p.m.

SENATOR BIDEN is a famous after-dinner speaker. He has appeared in Lake County before and will be remembered for his irreverent wit. He takes his job seriously, but not himself. He cheerfully says he is still a "kid," a self-styled "token young person" in a Senate filled with men of greying hair, spreading posteriors and expanding waistlines.

A member of the Senate foreign relations committee since 1974, Biden also serves on the judiciary, budget and intelligence committees.

THE DINNER chairman is James Lumber of Round Lake, who was recently re-elected as a trustee of the College of Lake County.

"I am also hopeful," Lumber said, "that Sen. Adlai Stevenson, Secretary of State Alan J. Dixon

and State Comptroller Michael J. Bakalis will be in attendance.

Admission to the dinner is by donation of \$25 per plate. Dinner tickets are available from Democratic Headquarters, 215 Madison Street, Waukegan and will also be available at the door that evening.

## CLC NEWS

PARTICIPANTS IN a "Human Relations Weekend" sponsored by the College of Lake County will gain more awareness of the emotional reactions and experiences of themselves and others. The weekend will be spent at the Lake Geneva campus of George Williams College.

The "Human Relations Weekend" (PDS 121-006) will be held from 6 p.m. to midnight on June 10 and from 8 a.m. to 8 p.m. on June 11 with co-leaders

Larry Whittier and Harrison Williams, both CLC counselors.

The \$35 registration fee covers room, board and in-district tuition for participants. Transportation will be individually arranged.

Those interested should contact Williams or Whittier for information about the weekend, or about registration procedures.

They can be reached at the CLC counseling center, 223-6601, ext. 403.

## St. Peter's women elect new officers

The women of St. Peter Catholic Church Women's Club recently shared in the May Crowning Ceremony. The honor of crowning the Blessed Mother was bestowed on Pearl Roach, who was chosen because of her service to St. Peter's. The choir added a special glow.

The annual birthday party meeting followed with approximately 70 ladies in attendance, including Sue and Ursula Haley. Both received a corsage with best wishes for the coming years.

The election of officers was also held; president, Geraldine Dost; vice-president, Doris Veith; secretary, Margaret McKinney; and treasurer, Helen McLean. The installation dinner will be held Thursday, June 2 at the Northern Chalet restaurant in Libertyville. Transportation will be provided by the school bus. Please call Rose Robinson at 395-3521 as soon as possible for further details and reservations.

Entertainment for the party was provided by

"Mrs. Lawrence Welk and Her Music Makers": Evelyn Freund, Betty Davis, Jeanette Pachay, Eileen Zannini, Frances Winiecke, Dorothy Purfeerst, Rose Kennedy, Betty Letkey and Jean Benes.

## Tennis sophs win conference

The sophomore tennis team of Antioch High School finished league play this week without a loss and captured first place in the N.W.S.C.

Phil Rezin remained undefeated by beating Gunnar Gittlini of Woodstock in a tie-breaker and Jeff Disantis of Cary Grove 6-1, 6-1.

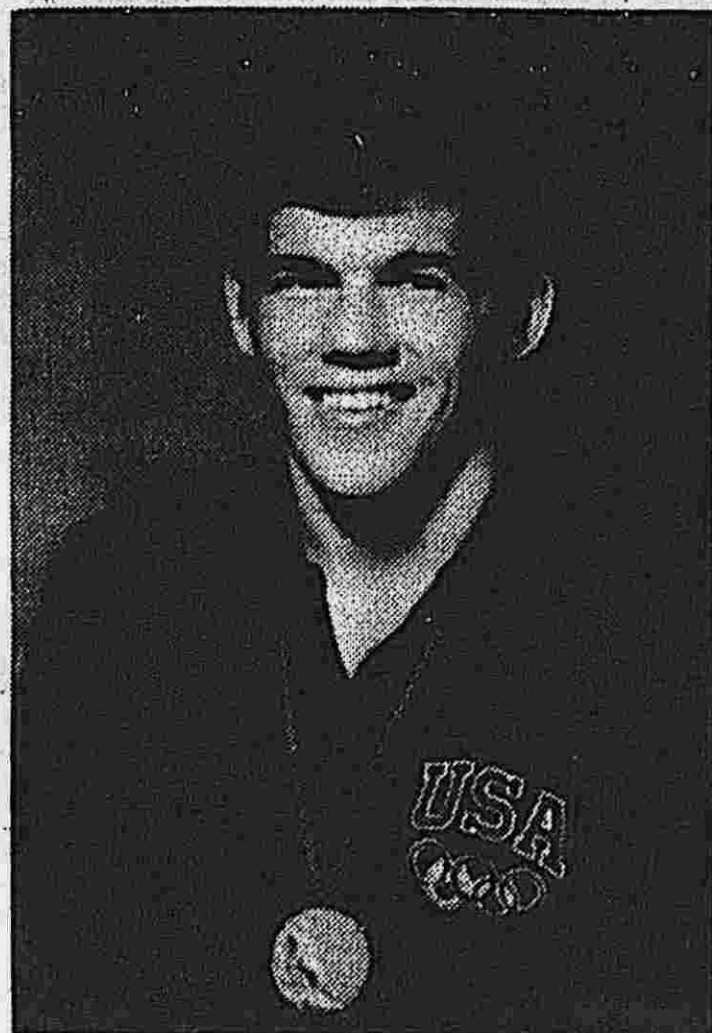

Roger Korjenek moved his record to 14-1 as did the doubles team of Tom Melhorn and Andy Dziki. Tom Surrock won his matches against both Cary Grove and Woodstock.

THE SOPHOMORES finished 9-0 in the conference and were 16-0 before Monday's and Tuesday's meets against Mundelein and North Chicago.

In dual meets they are 13-0, winning 10 by shutouts (5-0).

The varsity is losing three seniors, but Coach Ron Halpern is optimistic for Antioch's tennis team's future.

State districts will be held this weekend at Barrington.

BEN PETERSON

## Olympic star at banquet

The Antioch-Lions Club is sponsoring their 35th annual Athletic Banquet Monday, May 23, at the high school. The banquet is honoring the senior boy and girl athletes, as well as senior cheerleaders, pom pon, color guard, Athletic Service Squad, senior band members and the most valuable athlete for each sport.

The Athletes and special group members are guests of the club. Each teen guest is encouraged to bring a mother, a father, or an adult guest. The club would like to limit the adult guest to one since they may be short on space.

Tickets are available at the door at a cost of \$4.00 for the adult.

THE CLUB was able to obtain Ben Peterson as the banquet speaker. He was an Olympic wrestling champ in 1972 at 198 lbs., and was a silver medalist in 1976. In 1975, he was Pan American champion.

Peterson graduated from Iowa State University and was co-captain of the 1972 team, the N.C.A.A. champion. He was three-time Big 8 champion at 190 lbs. and was N.C.A.A. champion in 1971 and 1972 at that same weight.

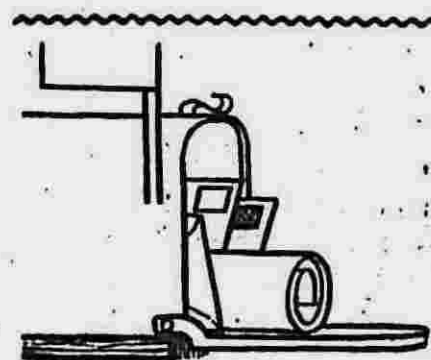

He is now coaching and teaching at Maranatha Bible College in Watertown, Wisc. He has traveled world-wide during his phenomenal wrestling career and enjoys talking to young people and working with youth groups.

## CLC wins sectional in baseball

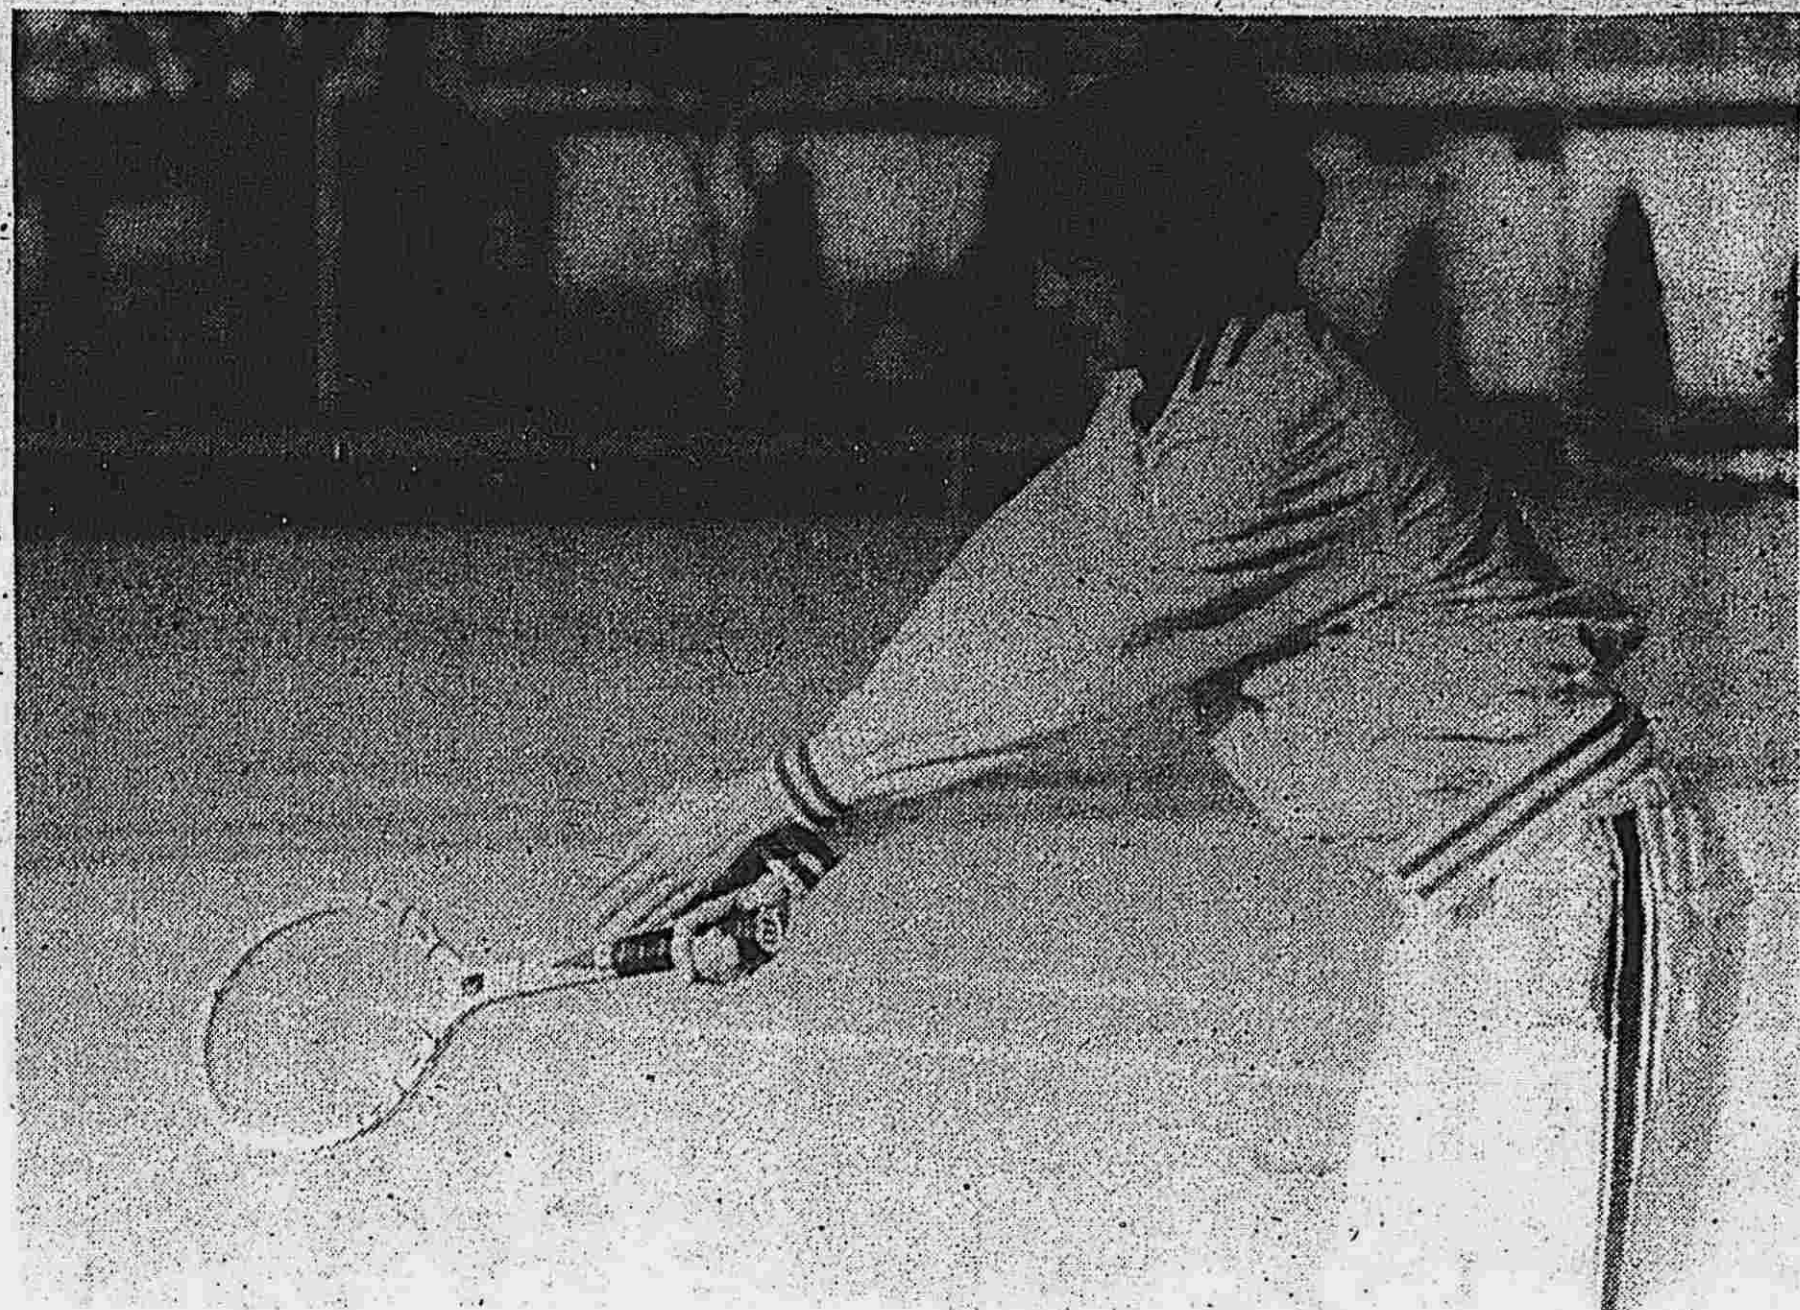

The College of Lake County baseball team defeated Elgin May 6 in a sectional title game. In doing so, the Lancers gathered four runs on seven hits, and turned out a great defensive performance.

Jesse Gooslin went all the way for Lake County, striking out eight batters while walking three. It was the sixth win of the season against two losses for Gooslin.

The win qualifies the Lancers for the state finals tournament to be held in Kankakee Friday, Saturday and Sunday, May 13, 14 and 15.

## Netmen are 2nd in conference

Antioch High School's varsity tennis team won two more meets last week before Saturday's conference meet, beating Woodstock 4-1 and Cary Grove 5-0.

Dennis Korjenek earned the fourth seed in the conference meet by downing Steve Grey of Woodstock 6-2, 6-1 and Steve Dee of Cary Grove 6-1, 2-6, 6-3.

BOB NASENBENY moved his record to 12-2 by defeating John Schroeder of Woodstock 6-1, 6-3 and Pete Rens of Cary Grove 3-6, 6-4, 6-2. Bob was seeded second at the conference meet.

Keith Rezin won twice (Kent Frisbie of Woodstock 6-2, 6-1 and Jeff Kightlinger of Cary

Grove 6-4, 6-0) to give him first seed at third singles. Keith carried a 13-1 record into the conference meet.

BOTH DOUBLES teams earned seeds in the conference meet and both finished third. All of Antioch's players made it to the semi-finals but only Keith Rezin and Bob Nasenbeny made the finals.

Stevenson won every event, giving them the conference championship. Antioch finished second at the N.W.S.C. tennis meet and second in the final standings.

## Softball team loses

Heartbreaking is the only word to describe last Friday's varsity girls softball game between Antioch and Grant high schools.

The Sequoits came out on the short end of the 17-7 district game score.

Pam Parker was the leading hitter for the local team, batting 2 for 2, including a fourth inning home run with one runner on base. Karen Kirschke also provided clout at the plate, going 2 for 3.

Antioch was leading 6-5 until the bottom of the fourth inning, when Grant exploded for eight runs.

The final game of the season will be at 4:30 p.m. this Friday at the Antioch Upper Grade School.

## CLC NEWS

A COURSE in "Swimming Pool Maintenance" offered at the College of Lake County this summer can save a pool owner \$300 to \$400 per season, according to instructor Dennis Jennings.

The course (CED 715-001) begins June 9 and continues for four weeks, meeting from

7:15 to 10 p.m. each Thursday.

"The idea of the course is to make swimming pool maintenance as painless as possible," said Jennings. The course will cover opening the pool in spring and closing in the fall, and keeping the pool from turning green in between.

Jennings has been in

the swimming pool business for several years as a builder, a serviceman and currently as a chemical salesman.

Information about the course may be obtained by calling Pat Hansen at 223-6601, ext. 333. Registration information may be obtained by contacting the admission office at ext. 300.

## Records are set at Waukegan track

Ted Musgrave and Tom Jones traded records Sunday night at the Waukegan Speedway.

Musgrave broke Jones' day-old mark in qualifying with a lap of 13.48. Jones' record was 13.52.

However, Jones came back to take the 30-lap late model feature despite Musgrave's constant challenges. Jones broke Musgrave's day-old mark in winning the feature in a time of 7:02.78. The old record was 7:03.52.

Chipper the Clown was on hand again to greet all the youngsters. In addition, Chipper took some of the children for rides around the speedway in his truck.

Though Saturday night was cool, the track was really hot as two track records fell.

The fast action began in the late model time trials as two cars broke the month-old track record set by Dave Watson of 13.75. First, Musgrave who's been running consistently fast this season, came out and clocked a number of laps below the old record with his best time of 13.53. Then Jones came out and turned a lap just a hair quicker as he set his record of 13.52.

When it came feature time, Musgrave got his name in the record books as he won the 30-lap event in a time of 7:03.52. Jones finished second with Bobby Dotter, the improving Phil Mass and Bob McKay rounding out the top five in that order.

# Antioch keeps conference track title

DAN OTTEN OF ANTIOCH was one of the stars of the Northwest Suburban Conference track meet held here last Friday. Otten finished second in the two-mile run as his team captured the championship. (Paul Maplethorpe photo.)

POLE VAULTERS were among the athletes who helped Antioch High School retain its Northwest Suburban Conference track and field title last Friday. Bob Ogden (top photo) placed fifth and Keith Kaht (right) was third in the event. (Paul Maplethorpe photos.)

In the Northwest Suburban Conference, Antioch High School has been quite famous for the talent of its athletes.

Coach Gerry Sandberg's track and field team kept that fame going last Friday when it won the conference championship here.

It was Antioch's sixth track title in Sandberg's eight years as head coach.

Last Friday it was close. Antioch piled up 152 points to beat Woodstock, which scored 148. The other four schools trailed.

ON SATURDAY OF THIS week the Sequoits will be among 18 teams competing in the Class AA district meet at Zion-Benton. The athletes will be competing for trips to the state meet at Charleston, May 27-28.

The winners of first and second place in each event in the district meet automatically advance.

In addition, contestants who place third, fourth or fifth in the district and who better or equal state qualifying standards, will advance.

IN THE CONFERENCE MEET, Antioch's stars included the two-mile relay team of Paulson, Biel, Harland and Peterson, which finished first in 8:29.2. That's an average of about 2:07 per man for each half-mile.

Antioch's Bill Harland has run the half-mile in 1:57.1 this season and ranks third in Lake County. In the conference meet he was second to John Moyers of Warren, who broke the tape in the conference record time of 1:56.5.

Brian Andrews of Antioch was fourth in the low hurdles and his best time of 40.4 ranks sixth in the county.

Mike Harr, whose 142-foot toss of the discus ranks third in the county, placed fourth in the shot put event in the conference. Tracy Sodman was second in the discus throw.

KEITH KAHT OF ANTIOCH recently cleared 13 feet in the pole, an all-time Antioch record. He was

third in the conference.

Complete conference meet results follow.

## Antioch 8th graders retain track crown

The eighth grade track team of the Antioch Upper Grade School, led by Robbie Rohrs' record-shattering run in the 440, came through to defend its conference track title last Saturday at the Antioch High School track.

Rohrs ran a 58.6 quarter mile, ran anchor leg on the 880 relay team which finished third, came back to finish third in the half mile, then returned once again to anchor the sprint medley relay team which also shattered the conference mark by more than 3 seconds.

Pete Jung, Hank Gillman and Andy Dugenske teamed with Rohrs in the spring medley event (110-110-220-440) to run a 1:52. The old conference record stood at 1:55.2.

Jung, Gillman and Dugenske also teamed with Bob Hargett to break yet another conference mark in the 440 relay by running a 51.25.

Jung and Dugenske then combined to take 3rd and 4th in the 100 yard dash, while Gillman placed 4th in the 50. Dugenske took matters into his own hands (or feet) in the 220 by

winning that event.

OTHER NOTABLE achievements included Tom Poulos finishing 4th in both the 120 yard hurdles and in the 440 yard run. Tom also ran a leg of the 880 relay team. Tim Fosmark, who finished 5th in the 880, and Daryl Blanchette, who finished 3rd in the 70 yard hurdles, also ran legs of the 880 relay team which finished 3rd.

In the field events, Ted Bessette finished 1st in the discus with a throw of 115'11", while teammate Mark Williams finished 5th in the event.

Bob Hargett finished 4th in the long jump.

"The total team effort was enough to push the Apaches past runnerup Fox Lake by 12 points," Coach Bob Lipinski said.

The final team standings were:

1. Antioch, 50 points; 2. Fox Lake, 38; 3. Woodland, 32½; 4. (tie) Gavin and Lake Zurich, 27; 6. Lake Villa, 17½; 7. Round Lake, 11; 8. Grayslake, 0.

## 7th grade athletes 2nd in track meet

The 7th grade boys track team of the Antioch Upper Grade School put in a fine performance last Saturday, finishing second in its eight-school conference meet.

Hank Woolard lead all scorers by finishing 2nd in the long jump, 4th in the 440 yard dash, 5th in the 220 and running anchor legs of the 880 relay team and the sprint medley relay which finished 2nd and 3rd respectively.

DEAN BERKIEL TEAMED WITH Woolard on both relay teams and also finished 3rd in both the discus and the 880 yard run. Tom Bailey and Lester Zitkus filled out the remainder of the 880 relay team.

In other field events, Rich Schlarbaum finished 2nd in the shot put and 4th in the discus while Les Zitkus and Brad Herbst finished 4th and 5th in the high jump.

ZITKUS ALSO PLACED 4th in the 70 yard hurdles and Herbst finished 5th in the 100 yard dash.

Paul Baczynski was the sprinter of the day for the 7th graders, finishing 3rd in both the 50 and 100 and running legs of the second-place 440 relay team and the third-place sprint medley relay team.

Baczynski was joined on the 440 relay team by Herbst, Brad Larson and Derek Olsen. Derek also finished 3rd in the 70 yard hurdles.

Final team standings were:

1. Woodland, 69½; 2. Antioch, 41½; 3. Lake Zurich, 36; 4. Gavin, 22; 5. Fox Lake, 16; 6. Lake Villa, 14; 7. Grayslake, 4; 8. Round Lake, 0.

At the age of 22, Ludwig Van Beethoven paid 19 cents to take his first music lesson from Franz Joseph Haydn in Vienna!

# ABC's of Travel

By BARB CORBIN

BARB CORBIN

VISAS, HEALTH, MONEY, TIPS, TAXES - Entry-exit red tape is at a minimum for U.S. citizens in 16 destinations permitting entry without visas for stays varying from 72 hours to 90 days.

However, you must secure a visa or entry permit before arrival for Australia, Japan, the Republic of China (Taiwan), Indonesia, Papua New Guinea, the Cook Islands and New Hebrides.

Smallpox, plus cholera for Southeast Asian and Subcontinent points, are the basic inoculations. Exchange fluctuations can make some Pacific currencies momentarily difficult to unscramble. Besides dollars, you'll find yourself dealing with yen in Japan, baht in Thailand, won in Korea, rupees on the Subcontinent, pesos in the Philippines, rupiahs in Indonesia, Pacific francs in French Polynesia and New Caledonia.

My advice from experience: "Every country will take the U.S. dollar". Just say that is all you have. Before leaving the country get about 100 \$1.00 bills from the bank and this will eliminate your return back home with a lot of different kinds of foreign money. Even little remote villages along the Amazon River took U.S. dollars and this is not a tourist area. Tipping is entirely absent and contrary to custom in French Polynesia and most

other Pacific Islands.

In Japan a 10-20 percent service charge is levied on hotel-restaurant bills in lieu of tipping, nothing more is expected. The service charge has caught on elsewhere, but doesn't mean a token tip isn't expected.

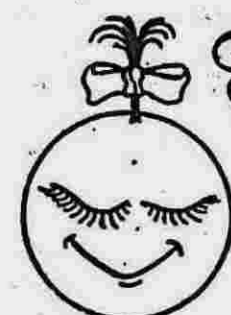

On the whole, however, tipping is light. When in doubt, watch the locals. Why not travel without worry. Stop in or phone us for travel counsel is just another service we give free of charge.
